GULF TO BAY CO-OPERATIVE, INC.  
RESIDENT OWNED SENIOR PARK  
2295 N.BEACH RD. ENGLEWOOD, FLORIDA  
TELE. (813)-474-4841

NOVEMBER 1995

It is good to see so many back in residence. Bicycles whizzing around, walkers briskly walking around, warm greetings passing around. Shutters raised, windows opened, awnings let down and the warm glow of lamplight shining through windows at night are welcome sights and sounds as our friends return for the winter season.

Ed: I want to apologize to Marie Miller for failing to give her credit for the great picture of flooded Cielo Ct. which appeared in the Oct issue. Thank you, Marie.

Phyllis Crosby

Two fishermen sitting on a bridge, their lines in the water, made a bet as to which would catch the first fish. One got a bite and became so excited he fell off the bridge. "Well," said the other, "if you're going to dive for them the bet's off."

THANK YOU, GULF TO BAY

We really don't know where to start  
But the feelings come from all our hearts  
For all you've said and all you've done  
To comfort us and our son.  
We send our thanks and love to you  
For all the things you give and do.  
You gave so much straight from the heart  
It's time for us to do our part  
To let you know just how we feel  
For all you've done to help us heal.

Ruth Ann, Rick, & Family

WITH ALL OUR LOVE AND  
GRATITUDE TO OUR FRIENDS  
FAMILY, & COMMUNITY !!

NOVEMBER CALENDAR

No details are available at this time. Please watch the Bulletin boards for announcements.

It is very unusual that there is not much to report this month. We know that the usual business of the Park will swing into action as soon as possible. The Board of Directors will meet, the Rec Council will plan activities and people will be asked to form committees for all the favorite doings.

UFOS FOR REAL ????????

ASTOUNDING ANNOUNCEMENT ...

A Solar System has been discovered by a group of scientists who have been looking for one for many years. This exciting news was announced last month and Ted Koppel on Nightline interviewed three of the scientists who say they have confirmed the existence of a planet orbiting a star in the constellation Pegasus. The star, designated as M51 on astronomy charts, is about 40 years travel time from earth.

THANKSGIVING IS FOR REAL....

The United States and Canada have a set annual day set aside as a Thanksgiving Holiday. United States celebrates on the 4th Thursday of November, and Canada on the 2nd Monday in October. So our Canadian visitors who arrive here in November have a second Thanksgiving feast day. Originally a harvest festival, as was our first at Plymouth Rock when the Pilgrims and the Indians collaborated and feasted for several days, two years later they did have a Thanksgiving Feast to give thanks for the rains that ended a drought. Thanksgiving days have been a custom throughout history as people celebrated victories in battle, bountiful harvests, and any special event that called for giving thanks.

Sarah Josephine Hale, editor of Godey's Lady's Book, campaigned for many years to have a national patriotic holiday. She chose the last Thursday in November because on Nov 26, 1789, George Washington had proclaimed a National Thanksgiving Day in honor of the new United States Constitution. Finally President Lincoln did set the last Thursday but that was later modified to be the 4th Thursday as the National Thanksgiving Day.
